—Education in Community—

We have the opportunity to share the gifts and impact the people we serve have on our community. We love these opportunities because it's a chance for our culture to rethink how they respond to people, gain awareness, and shift their perspective.

—Volunteer Training—

We come to you! It is our goal to transform our culture to an active and engaging one, where people are passionate and compassionate for those we serve. They see familiar faces in our volunteers out in their own local community and our volunteers gain experience in knowing what to do when they encounter a person with differing abilities. We are available to train your group, faith community, Sunday School leaders/teachers and community service group at your convenience. To arrange a volunteer training session contact Jill Maas, Volunteer Coordinator at jill.eaglewings@gmail.com or call 360.658.6093.

—Our Programs—

CELEBRATIONS

Celebrations are large dinners hosted by faith communities. They are designed to bring together the population of those we serve and their own local community together in relationship. We celebrate our gifts and potential, our uniqueness and talents. We typically host 35+ large events annually.

CIRCLE OF FRIENDS

Circle of Friends is designed for persons with community, social and relational obstacles. We help them get plugged into a group of people who can help them achieve their goals.

PROJECT HELLO

Project "Hello" is designed to offer persons who are shut-in, isolated, or lonely to be supported by a word of encouragement or prayer via telephone.

LIFE GROUP

Life Group consists of 10-12 individuals who meet monthly to "do life together". They work to improve their relational skills, do activities together and share their life experiences.

Together we can make a difference!!

—Next Steps—

Dear Friends,

Whether you are a teacher in the special education field, o/t or p/t, have a neighbor or friend, a family member or a loved one with special needs...most of us have been touched in one way or another by a person with special needs. I know I sure have!

The population we serve bring us so much joy and reminds us to have hearts of gratitude.

If you have a little extra time on your hands or would like to be involved in an outstanding community impact program, consider exploring our website and read some of our stories. You will quickly discover that it is out of each of our own brokenness that we come to serve. We are the ones blessed and encouraged daily by people who have underestimated abilities and unseen gifts.

Feel free to call our office and make an appointment to learn more. I would love to chat with you.
